NEWS!

THE TOP 5 HOTTEST NEWS BYTES THIS MONTH!

LEGO MARVEL IS MASSIVE!

LEGO Marvel Avengers game is much bigger than the two **Avengers** movies – we've found out that it also covers both of the **Captain America** movies, **Iron Man 3** and **Thor: The Dark World**!

We can't wait until next year to get our hands on this game!

FOOTBALL MANAGER

MADNESS!

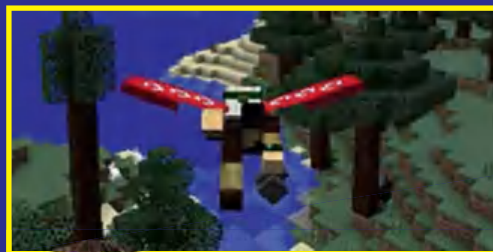

A gamer simulated 1,000 years of matches in **Football Manager 2015** to see which teams would come out on top. Well, it's great news for Sheffield Utd fans – your team were easily the best and won the Premier League 167 times! Bad times for Everton fans, though. In 1,000 years all you won was one single F.A. Cup – ouch!

THE GAME'S
BIGGER
THAN ME!

MAJOR MINECRAFT UPDATE!

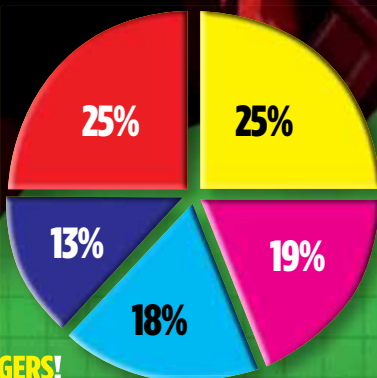

Minecraft's latest update has added a new flying cape, which allows players to get their **Superman** on whenever they like. The cape is coming to the PC version first, and must be found by players in the game — these capes can't be crafted. How cool is that?!

LIFE OF PIE!

This month we've been:

- 25% PLAYING **FIFA 16!**
- 25% PLAYING **PES 2016!**
- 19% PLAYING **SKYLANDERS SUPERCHARGERS!**
- 18% COUNTING DOWN THE DAYS UNTIL XMAS – YAY!

Last month, **Burger King** launched a special Halloween burger with a **BLACK** bun... creepy! BUT this delicious delicacy has been rumoured to have some seriously weird side effects! We've heard that it turns your poop green – GROSS!

SPOON ART

WHY
DID I GO TO
THAT FRENCH
CAFE?!

These amazing artworks are made entirely of food on top of a spoon! Artist **Ioana Vanc** used food from her fridge and garden to make the crazy pictures on the steel canvases and they're tiny at less than 10cm!

CAR-BOARD

A working Lexus IS car has been built entirely from cardboard. Using hundreds of laser cut pieces, five professional designers and modellers from LaserCut Works built the car by hand - which is totally insane! Just don't drive it in the rain, guys!

LEGO DIMENSIONS

POWER UP YOUR PORTAL AND GET READY TO BUILD, EXPLORE AND FIGHT AS YOU TRAVEL THROUGH ALL OF THE DIMENSIONS TO SAVE THE ENTIRE LEGO UNIVERSE... NO BIGGIE!

LEGO Dimensions is PACKED to the brim with characters, vehicles, open worlds, and story mode, but does it all deliver?

"THE GAME DEFINITELY LIVES UP TO ITS HYPE"

You can pick up the starter pack from £84.99, which is pretty pricey for a one-off purchase but you do get a lot of bang for your buck! In the pack you get the three main characters, **Batman**, **Wyldstyle** and **Gandalf**, plus the Batmobile, the portal, a character poster and the game disc.

This is all you need to complete **LEGO Dimensions**, but if you really want to conquer 100% of the game, you'll need to purchase further expansion sets – which are pretty expensive!

If you're a long time **LEGO** fan, then the gameplay will be very familiar. As with other **LEGO** games the gameplay can get repetitive - from switching characters, breaking and building objects and button-bashing to fight off enemies.

The game definitely lives up to its hype though! With characters from pretty much everything and some of the funniest cutscenes ever (**Batman** attacking **The Wizard of Oz's Scarecrow** = hilarious) – this game will have you hooked.

You can drop any character you like into the game at any time - you want to have a tag team of **Wonder Woman**, **Marty McFly** and **Scoby Doo**? That's totally possible!

EW

GENRE:
Action/
Adventure
PLATFORM:

However, the three main characters are required to complete the story mode, so keep them handy!

With loads of expansion packs available, the gameplay here is totally unlimited - the only downfall to the franchise, is that it's really expensive so there's got to be a lot of pocket money in your piggy bank if you want to play this game to the max!

"THIS GAME WILL HAVE YOU HOOKED"

THE BEST CHARACTER?

There are so many amazing characters to play with in this game. You start out with three pretty epic ones, but we think **Batman** gets the most action, so he's definitely our favourite!

I DON'T HAVE A SCOOBY WHAT'S GOING ON!

We would definitely recommend **LEGO Dimensions** if you want to explore your favourite worlds in a totally bizarre and new way! The way you interact with **LEGO** in real life to change what's happening in your game makes this a toys to life game like you've never played before!

AND THE RESULT

WE SAY...

THIS GAME IS AWESOME AND YOU'LL DEFINITELY ENJOY PLAYING THROUGH ALL OF THE LEVELS AVAILABLE. BUILDING LEGO IS REALLY FUN, BUT BEWARE THAT IT'S AN EXPENSIVE GAME TO GET INTO!

You're in the groove and are at the top of your game, nothing can stop you - apart from a bad internet connection! There's nothing worse than when you think you have a victory in the bag and your internet connection fails - not cool!

There are players every gamer wants in their FIFA team - **Messi**, **Ronaldo**... **CPlayer1**? **CPlayer1**, unlike **Ronaldo** and **Messi**, is not human and is impossible to play against! 110% Gaming went behind the scenes at the **Skylanders** developer offices **Vicarious Visions** to give you the insider info to making the game!

OUR FAB FANS!

We saw some familiar faces hanging around the offices in Albany, NY! These two totally loved **110% Gaming**!

SKETCH ART!

Skylanders have on-site artists that can sketch up scenes, levels and characters lightning fast! We even got them to sketch our fave character for us!

SKYLANDER 3D PRINTS!

The game developers use 3D printing to see how the actual characters are going to come out, they then experiment with different colouring techniques and tweak the final design!

GAMING BEHIND THE SCENES:

TOUR BATTLE!

At the end of the tour we got to play against the whole office in an epic racing gaming battle! We so wanted to take home this totally sick **Laos** trophy, but we got kicked out of the running by this guy!

TALKING WORKSHOP!

We got to hear from the designers themselves about how they design the levels. From crazy ideas like fighting a giant chicken to flying alongside a dragon, these guys are crazy creative! They pull people in all the time to test their levels – lucky people!

GUHA'S TOP TIPS

We even got to speak to **Vicarious Visions** President, **Guha Bala**, for his top tips to being a games developer!

"Always be creative and never limit yourself, no matter how old you are!"

TIP 2:

"Be positive about what you can achieve. Even doodles on a piece of paper could be a really great idea!"

HURT J MAC IS A MAJOR **MINECRAFT** PLAYER AND IS TAKING ON THE JOURNEY TO THE FAR LANDS LIVE ON YOUTUBE!

RECORD-BREAKING MINECRAFT

■ WHY DID YOU START PLAYING MINECRAFT?

"I found out about it from YouTube and I watched a lot of let's play videos and from that it instantly caught my attention. I thought, 'Yeah, this is a game I could like!' I picked up a copy myself and started playing."

■ WHAT'S YOUR FAVOURITE THING ABOUT MINECRAFT?

"I like the fact that I can load up the game and start a new world with a randomly generated world that's just mine."

THIS GUY IS CREEPY!

■ WHY DID YOU DECIDE TO PUT THE JOURNEY ON YOUTUBE?

"Being able to have every single step on YouTube is helpful because if anyone has any doubts that I haven't walked this far then there are over 200 hours of videos on YouTube you can check."

■ WHY DID YOU WANT TO BREAK A WORLD RECORD?

"Nobody else was trying to walk to the Far Lands so I thought that would make me unique. I was already well into my journey by a couple of years, so I kind of already had broken a record for just walking on [Minecraft](#) and I had the proof on my YouTube channel, so why not?"

■ WHAT WILL YOU DO WHEN YOU GET TO THE FAR LANDS?

"People ask me this and I'm not sure! I'm so kind of focussed on the journey and making the commentary and videos. I'll have to think of some brilliant saying for when I do finally get there."

■ WHY DID YOU WANT TO GO TO THE FAR LANDS ON FOOT?

"[Notch](#) had just posted a blog about how the worlds randomly generate and there are bugs when you get to the edge of the map – that's Far Lands! [Notch](#) said it would be impossible for anybody to get there when playing the game normally. I took that as a personal challenge."

■ WHAT ARE THE COOLEST ITEMS YOU'VE FOUND IN MINECRAFT?

"For episode 300, I was inside a dungeon with a chest that naturally spawned a golden apple, which in this version of the game was so rare! I did pop into The Nether really quick – I won't be doing that again – it was very dangerous but I did get some glow stone."

POP THE LOCK

GENRE: REACTION PLATFORM:   FREE

WE SAY:

You need to really focus and have quick reflexes to unlock the padlock every time. As the number gets higher and higher and the speed revs up you'll be tapping your phone like a mad man! The graphics are simple and the idea is easy, but after a while you can get frustrated with it!

YOU SAY:

"I'M OBSESSED WITH TRYING TO POP THE LOCK! I ALWAYS PLAY THIS ON THE BUS AND I LOOK LIKE I'M TEXTING LIKE CRAZY!"

SLOW DOWN

GENRE: ARCADE **PLATFORM:** **FREE**

WE SAY: This app is so weird and you need to be a seriously good judge of distance and speed to master it! We found this app pretty infuriating and it's really tricky to get the timing right. It's one of those apps you'll play again and again just to wind yourself up!

YOU SAY:

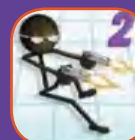

"OMG, THIS APP IS SO ANNOYING, I'M ALWAYS HITTING THINGS AND SLOW-MO CRASHING!"

WE SAY: This runner is so unforgiving and there's no room for error as you jump and slide out of the obstacles' path. You'll get the hang of this in no time but it takes practice to conquer your best score!

YOU SAY:

"OMG! I SUCK AT THIS! I CAN ONLY GET TO 75M AND THEN I TOTALLY WIPE OUT, BUT I PLAY IT ALL THE TIME TO TRY AND GET BETTER!"

PAC-MAN BOUNCE

GENRE: PUZZLE

PLATFORM: FREE

WE SAY: This is a really great puzzle game that puts your brain to the test. It's really fun to play with **Pac-Man** in a new way. The energy design is really frustrating though! Even if you don't die, there are only so many energy lightning bolts, meaning you have to watch adverts to play!

GAME REVIEW

DISNEY INFINITY 3.0

The intro to the game is awesome! In the first 10 minutes you go from cool lightsaber battles as **Anakin Skywalker**, piloting the Millennium Falcon as **Han Solo**, going on an important mission as **Joy** from **Inside Out** and finally taking a drive as **Mickey** and **Minnie Mouse**.

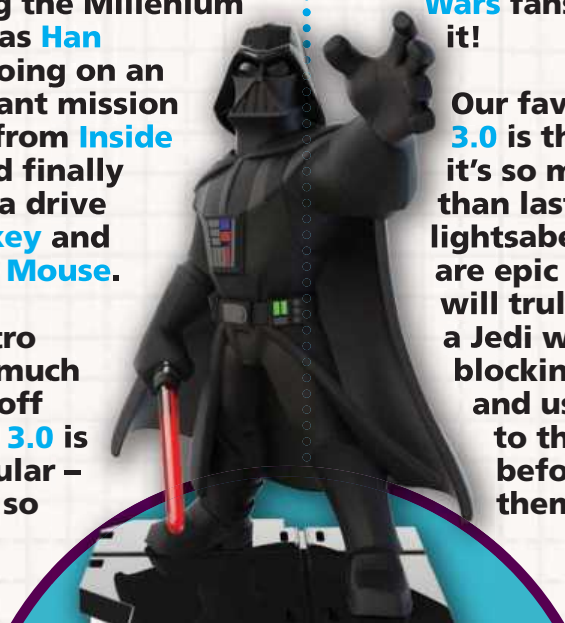

This intro pretty much shows off why **DI 3.0** is so popular – there's so

much to do with characters that everyone loves. However, the main draw for **3.0** is **Star Wars**. Gamers will like **Disney Infinity**, but **Star Wars** fans will LOVE it!

Our fave upgrade in **3.0** is the combat – it's so much better than last year. The lightsaber duels are epic and you will truly feel like a Jedi when you're blocking enemy fire and using the force to throw enemies before taking them out!

The starter pack comes with **Anakin** and **Ahsoka Tano** and a playset that takes place after **Star Wars Episode II**. You can also buy two other **Star Wars** playsets – **Rise Against The Empire** is out now and based on the original trilogy and another playset based on the new movie will be out in time for Christmas.

On top of this there are heaps more characters available to buy separately, including 11 **Star Wars** favourites like **Darth Vader** and **Yoda**, the cast of **Inside Out**,

EW

GENRE:
Action/
Adventure
PLATFORM:

Hulkbuster Iron Man and much more.

"THE LIGHTSABER DUELS ARE EPIC AND MAKE YOU FEEL LIKE A JEDI!"

And, of course, the number of characters can be expanded even more by buying any of the **Infinity** figures that were released for the last two games.

Even if you only have the starter pack there is heaps to do.

THIS GAME LUKES AWESOME!

AND THE RESULT

WE SAY...

DISNEY INFINITY 3.0 IS THE BEST DI YET, AND FANS OF THE FIRST TWO AND STAR WARS SUPPORTERS WILL ABSOLUTELY LOVE GETTING THEIR HANDS ON THIS GAME!

The **Star Wars Twilight of the Republic** playset is a really cool story mode that takes place all over the galaxy, and if you fancy something else there is the mammoth Toy Box mode.

Like in the last **DI** games, the Toy Box mode is where most of the fun is. There is tons of multiplayer action, more story missions, kart races and more to be created and played, so there is weeks of gaming time in here!

NBA LIVE

VERSUS

NBA 2K16

STYLE!

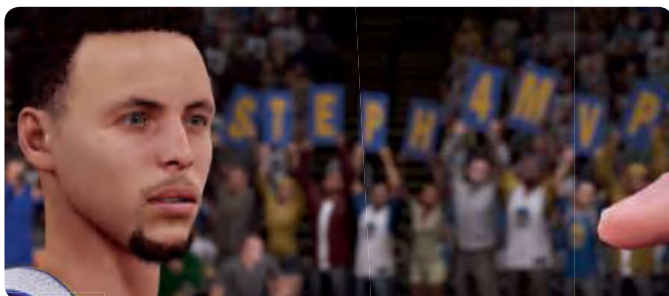

Both games have awesome TV style presentations - **NBA Live** has pre-match analysis from ESPN, while **NBA 2K16** has Shaquille O'Neal and co. These look good in both games but overall, **NBA Live** does this much better than **2K16** and looks way cooler.

WINNER: NBA LIVE 16

MODES!

NBA Live and **NBA 2K16** game modes and cool features like create-a-player, career mode and more. Plus, both games have life trainers and heaps of every team. **2K16's** mode is a bit better and the excellence is ahead of its rival!

WINNER: NBA 2K16

GRAPHICS!

Both **Live** and **2K** look incredible, but when it comes down to it **2K** is ahead. In **Live** all of the players pretty much have the same body and animations, but **2K** has unique models and movements for each player!

WINNER: NBA 2K16

LIVE 16

**WHICH NBA GAME
WILL WIN IN THIS
EPIC FACE-OFF?**

GAMEPLAY!

This is what it's all about – gameplay! Unfortunately for **Live 16**, this is where **2K16** slams it home! **Live**'s gameplay is a bit meh – the defending is almost impossible to do and attacking is a bit clumsy and unsatisfying.

2K16 is the exact opposite – the gameplay has been stepped up from last year and is solid. Defending is tight and the attacking feels great. Your opponent will try to learn how you play, so you have to be smart to stay one step ahead and to win games.

I'M 2KOOOL FOR YOU!

THE WINNER!

NBA 2K16 is the champ! It's not that **NBA Live** is a bad game; it's more that **2K** is just too good! It doesn't matter if you're a **NBA** fan or not, **2K16** is a great game all sports fans should check out.

TRISTEN GEREN IS A 17-YEAR-OLD GAMER FROM TEXAS, USA, AND HE'S BROKEN TONS OF GUINNESS WORLD GAMING RECORDS - HE MET UP WITH **110% GAMING** TO TELL US HOW!

TRISTEN'S RECORDS!

- ★ THE MOST THREE POINTERS MADE IN ONE MINUTE ON **NBA 2K14** (SEVEN)
- ★ HIGHEST SCORE ON **FLOWER WARFARE** (IOS GAME) (150,193 POINTS)
- ★ HIGHEST SCORE ON **THE LEGEND OF ZELDA: PHANTOM HOURGLASS** (2100 POINTS)
- ★ FASTEST COMPLETION OF LEVEL 1-1, **SUPER MARIO 3D LAND** IN A TIME OF 31 SECONDS

WHAT MADE YOU WANT TO BREAK SO MANY RECORDS?

"I just thought how cool would it be to break a Guinness World Record. So I found out how to and then broke my first record on some iPhone app. Then I was wondering if I could break more... It just kind of spiralled out of control!"

ARE YOU JUST TICKING OFF THE BOOK NOW?

"Yeah I'm trying to – hopefully the whole Guinness Book will be about me one day!"

WHAT DO YOU THINK IT TAKES TO BE A RECORD BREAKING GAMER?

"Patience – patience is key, because you'll sit there and you'll play really frustrating games over and over again!"

WHAT 3 TIPS WOULD YOU GIVE A READER THAT'S LOOKING TO MAKE A WORLD RECORD?

- "Find a game that you really enjoy. If you're playing something you're not really into then you won't break a record."
- "Don't be afraid to venture out. I used to always play Nintendo games and then I got into Xbox and PS3, which is so fun!"
- "Always be ready, always have a camera – you never know when you're going to break it. You'll be sitting there practising and you'll break it and you'll wish you were recording."

HOW OFTEN DO YOU ACTUALLY GAME?

"Oh man, I'm starting college so not as much as I'd like to. If I'm training for a record I practise at least two hours a day!"

HAVE YOU EVER RAGE-QUITTED?

"Oh yeah! I don't want to admit it, but yes. Not too many times but usually records are stressful. I hold records with my brother and we'll be playing and that sibling rivalry kicks in and you just can't work together. I've definitely embarrassingly rage-quit before."
